Part 01 About Taiyuan

TYUT is located in Taiyuan, the capital of Shanxi Province.

Taiyuan has four distinct seasons and a pleasant climate.

太原在这里

We are here

太原
Taiyuan

An old city in China with long history
and brilliant culture.

Welcome to Taiyuan.

太原理工大学

TAIYUAN UNIVERSITY OF TECHNOLOGY

城市之光-太原 Our City Taiyuan

Taiyuan, the capital of Shanxi Province, "Bing" for short, known as Binzhou, Jinyang and Longcheng in ancient times. It is an excellent tourist city, a national historical and cultural city, a national garden city, and the core city of Taiyuan metropolitan area. It is a political, economic, cultural, transportation and international exchange center of Shanxi Province. It has a history of more than 4700 years, a history of 2500 years of city construction. The historical capital is described in ancient words "controlling the mountains and rivers, occupying the shoulder and back of the world", "the fortress of the four fortresses and the capital of the five Plains". Taiyuan city is surrounded by mountains on three sides, and Fenhe River, the second largest tributary of the Yellow River, flows from north to south. It has been known as "splendid Taiyuan city" since ancient times. It is an important military and cultural town in northern China, a Shanxi Merchants' city in the world, and one of China's energy and heavy industry bases. Taiyuan's urban spirit is tolerance, morality, law worship, integrity and excellence.

TAIYUAN UNIVERSITY OF TECHNOLOGY

国际学生教育

International Students Education

The education of international students of TYUT can date from the early 1980s, where nearly 2000 people from more than 100 countries, including the United States, France, Japan and South Korea, came to our school to study. There are 588 international students currently from more than 50 countries and regions in Asia, Africa, Europe and the United States.

In September 2020, the number of international students in TYUT will reach 800.

In addition to learning languages, the international students also can receive education in various disciplines such as undergraduate, masters, doctoral and so on.

Part 03 Admission Introduction

1. Qualification of Applicant
2. Admission Categories and Requirements
3. Application Materials and Admission methods
4. Study Expenses
